ADAM DARBY

Front-End Web Developer

Nairobi, Kenya | https://www.kyds3k.com | kyds3k@gmail.com | +14049160919

Web developer with a passion for creating wonderful experiences and learning forever. Currently located in Nairobi, Kenya, with permanent residence in Niceville, FL, USA, and eligible for working for companies in the United States. Searching for remote opportunities.

WORK EXPERIENCE

TOMORROW AGENCY

Web Developer | Sep, 2021 - Sep, 2022

I oversee developers for several clients, reviewing and approving code pull requests, and implementing major and minor theme releases. I also create, maintain, and update client Shopify sites as part of a team, writing Liquid templates and sections, and implementing CSS structure (mixins, SCSS directories).

FIRST+THIRD

Web Developer | Sep, 2020 - Sep, 2021

I maintain and update client sites, taking designs from Sketch/Abstract and making them into semantic html/css/js that is reusable, scalable, performant, accessible, and works on all major browsers.

ADDEVENT/APPOINTMENTTHING

Web Developer | Feb, 2020 - Jul, 2020

Provided front-end code and UI design for site pages. Built an onboarding process for new customers, and implemented a search engine for the site's Help section. Teamed up with the back-end developer to streamline and improve code for the appointment-making process.

FORTYFOUR

Front End Web Developer | Jan, 2016 - Nov, 2019

I worked as part of the development team to design and implement solutions for clients of all stripes. Magento, Drupal, Shopify, Wordpress, CSS3, SCSS, HTML5, Javascript/jQuery. Currently working as a contractor.

TIN ROOF SOFTWARE

Frontend Web Developer | Jan, 2014 - Nov, 2015

Provided the front-end code for an interface for CNN Go for DirecTV's set- top box and the Amazon Fire Stick (Angular, HTML, CSS). Also helped build CNN's Great Big Story site (React).

MOXIE / ENGAUGE

User Interface Developer | Mar, 2010 - Oct, 2014

Created client websites, emails, and Facebook applications using HTML, CSS, JavaScript, and the CodeIgniter framework. Started at Engauge and continued with

WEBMD

Web Developer | Nov, 2009 - Mar, 2010

Worked with the design team and other developers to create and update features on the WebMD site using HTML5, CSS3, and JavaScript.

MAYBEFORYOU.

Web Developer | Mar, 2009 - Jun, 2009

Created client sites and updated/upgraded existing client sites. Worked with another agency to develop and update WAI-ARIA compliance for the College Board.

CARTOON NETWORK

Web Developer | Aug, 2008 - Mar, 2009

Worked with designers and backend team to create the landing and launch website for Cartoon Network's FusionFall MMO.

TURNER (TURNER BROADCASTING SYSTEM, INC) / SUPERDELUXE

Web Developer | Sep, 2006 - May, 2008

As part of the launch team, built and deployed the Superdeluxe site (note:

not connected to the current Superdeluxe website besides being a Turner product). After launch, created new pages for artists and performed maintenance on existing sites. Took initiative and built a Yahoo desktop app to provide users with the latest videos and artist page updates.

PREMIERE GLOBAL SERVICES

Web Developer | Aug, 2005 - Sep, 2006

Built custom websites and templates for salespeople and maintained PGI website.

CNN

Web Developer | Aug, 1999 - Jun, 2001

Updated the CNN.com site with breaking news stories, updated existing pieces, and worked with the Japan, Italia, and Spanish sites.

THE NIGHT'S WATCH

Lord Commander | 1996 - Current

Night gathers, and now my watch begins. It shall not end until my death. I shall take no wife, hold no lands, father no children. I shall wear no crowns and

win no glory. I shall live and die at my post. I am the sword in the darkness. I am the watcher on the walls. I am the shield that guards the realms of men. I pledge my life and honor to the Night's Watch, for this night and all the nights to come.

EDUCATION

CARNEGIE MELLON UNIVERSITY

Bachelor of Science (B.S.)Professional Technical | Aug, 1992 - Dec, 1996
